About Lirica (Auburn Witch)

Lirica (Auburn Witch) is a solitary Wiccan since 1997 with interests in "The Burning Times" and all information about "Witches". She has come to realize "since she has come out of the broom closet" that she is a natural witch and needs more time to study and to develop her own unique art.

Lirica enjoys writing poetry, doing Tarot card readings for her family and friends. She has also been doing handmade crafts since 1993. In the beginning small wreaths were Lirica's handy work. Now she is working with a greater challenge by creating round brooms (besoms) from all natural materials.

Lirica is currently crafting with woods such as Cottonwood, Sycamore, Cork Screw Willow, Mulberry, Cherry, California Elm, Wermosa, Modesto Ash, Pine & Grapevine. These are truly one of a kind pieces of her art and creativity for others.

Lirica continues to research the ideas she has for other things.

Lirica has been studying herb products since 1997. She has developed knowledge about herbs and all their magical uses.
